Mr. Thomas Tetting
State of Utah
Natural Resources & Energy
Oil, Gas & Mining
4241 State Office Building
Salt Lake City, Utah 84114

Dear Mr. Tetting,

Re: ACT/037/043

Attached is the 1982 annual progress report and updated map for the Hecla Shaft mining operations. Economic conditions forced the temporary closure of this facility in late December 1982 until return of a more favorable market in the near future. All mining ceased and only shaft maintenance and dewatering operations continue.

Current acreage affected is 18.8 and appears on the map attached.

If you have further questions, please call.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kent Dahlquist".

Kent Dahlquist
Mining Engineer
